The screenshot shows the InstaLively dashboard with a progress bar at the top containing three steps: 'User Details', 'Enable Live Streaming' (which is highlighted), and 'Create Channel'. Below the progress bar, a text box reads: 'On clicking "Enable Live Streaming", Youtube might ask for account verification. Please fill in the details as per Youtube screenshots below:'. This text is followed by three sequential screenshots of the YouTube account verification process. The first screenshot shows a form with fields for 'Select your country', 'How should we deliver the verification code to you?', 'Which language should we use to send you the verification code?', and 'What is your phone number?'. The second screenshot shows a message box with a '6-digit verification code' field. The third screenshot shows a confirmation screen with 'Agree' and 'Cancel' buttons. At the bottom right of the dashboard, a blue button labeled 'Enable live streaming' is being clicked by a hand cursor.

By entering your mobile number Google will  
send you verification code

The image shows a screenshot of a web browser displaying the InstaLively dashboard. The browser's address bar shows the URL `www.instalively.com/dashboard`. The dashboard header includes the InstaLively logo, the word "Dashboard", and a user profile icon labeled "Instalively Test". On the left side of the dashboard, there are navigation options: "Statistics" (with a "0" indicator) and "Events" (with a blue arrow icon). A red plus sign icon is visible on the right side of the dashboard. Overlaid on the dashboard is a YouTube account verification window. The window title is "Account verification - YouTube - Google Chrome" and the URL is `https://www.youtube.com/verify_phone_number?next_url=%2Flive_streaming_signup`. The verification page contains the following text and form elements:

- "Account verification (step 1 of 2)"
- "Verifying your account by phone allows you to unlock additional features on YouTube, and helps us to make sure that you're a real YouTuber and not a robot. [Learn more](#)"
- "Select your country" with a dropdown menu showing "India".
- "How should we deliver the verification code to you?" with two radio button options: "Call me with an automated voice message" (unselected) and "Text me the verification code" (selected).
- "Which language should we use to send you the verification code?" with "English (UK)" selected and a [change language](#) link.
- "What is your phone number?" with a text input field containing "9891607980".
- "For example: 091 23 456789"
- "Important: Up to two accounts can be verified per phone number, per year."
- A blue "Submit" button at the bottom right, which is being clicked by a white hand cursor.

The screenshot shows a web browser window with the URL [www.instalively.com/dashboard](http://www.instalively.com/dashboard). The page displays the InstaLively dashboard with a 'Create Event' modal form open. The modal has three tabs: 'Describe' (selected), 'Schedule', and 'Promote'. The form fields are as follows:

- Event Name\***: Testing
- Event Category**: Hospitality (selected from a dropdown menu)
- Select Thumbnail**: No file chosen (with a note: Maximum 480x360px image)
- Event Location\***: New Delhi, India
- Event Short Description\***: testing

At the bottom of the modal, there are 'Cancel' and 'Next' buttons. A hand cursor is pointing at the 'Next' button. The background dashboard shows a 'Showing feeds from Test' section and a 'Statistics' section with 'Events' and 'Channels' counts.
